Age is just a number with the power of pomegranate

Drinking pomegranate juice is generally believed to be good for health and helps with the aging process. Nevertheless, it is a fruit that is not necessarily easy to find, while the commercially pre-packed juices have more water, sugar and very little fiber. Made up of the **whole fruit, from seed, pulp and peel** – **NaturCare® Pomegranate Full Spectrum** is a powerhouse of antioxidants. **One softgel contains antioxidants from the Punicic Acid concentrate of at least 10 fresh pomegranates**, which means you can now reap the full benefits of the pomegranate without the hassle of making juice!
