8 perfectly neat refrigerator secrets

Cold storage is all about location. These tips will help keep contents fresh and maximize your fridge and freezer space.

1. Fresher veggies for longer

Vegetables stay fresh longer with a bit of humidity. Don't mix your veggies. Store the same 'breathers' together in VentSmart to keep them at their best.

5. Thaws raw meat quickly

When thawing raw meat, use the super-cold bottom shelf. FreezerMates allows fast thawing and reduces contamination in the fridge.

2. Prevents moldy fruits

Fresh whole fruits belong with the Modular Keeper with Grid, allowing moisture to drain for better airflow to prevent mold and bacterial growth.

6. The right temperature for dairy products and condiments

Butter, soft cheeses and condiments that are naturally high in all natural preservatives like vinegar and salt, don't require super cold temperatures, so they can be kept in the dairy compartment at the door.

3. The perfect size for cut fruits

Cut fruits should be kept in a closed container to prevent drying out and odor contamination. The Double Square Round is the perfect size for cut papayas, melons, mangoes, oranges and more. Color code containers so you'll know what's what.

7. The proper place for eggs

Eggs should be kept in the egg compartment at the door.

4. Keeps meats or seafood free from freezer burns

Freezer burns can occur due to improper storage of meat. To prevent this, keep meats or seafood in FreezerMates. Remove them from their packaging, apportion and thaw when necessary.

8. Refreshingly chilled beverages

Water and juices can be stored in Fridge Water Bottle and Handy Cool on the middle and bottom shelf at the door to keep them cool.

Activate
a pain-free life!

Joint pain or inflammation of the joint is common among adults above 45 years old. It affects 1 in 5 Malaysians, more so in women than men¹. To date, there is no permanent cure except for taking long term pain medication or undergoing knee replacement surgery. Fortunately, nature has provided us antioxidants from Pomegranates that can reduce inflammation. **NaturCare® Pomegranate Full Spectrum contains high concentration of Punicic Acid (standardized to 75%) extracted from Pomegranate Seed Oil, proven effective to combat free radicals, stop cell damage and reduce inflammation associated with joint pain.**

Dosage: 2-4 softgels once or twice daily with meals.

Building blocks of immunity for growing kids

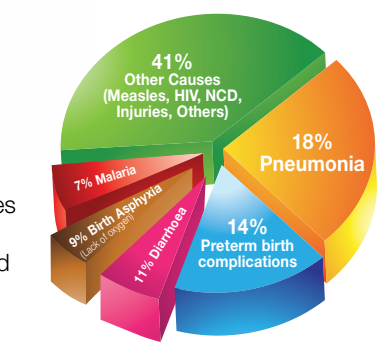

All parents want their kids to grow up healthy, strong and smart. However, illnesses are inevitable. Infants and children below 5 years old, especially, are highly susceptible to the common cold and cough due to their under-developed immune system. Besides protecting kids from physical harm, their immune system should be strengthened as well. **NaturCare® DHA +Vit D Colostrum is rich in antibodies, DHA and Vitamin D3.** With 2 tablets daily, it can boost your child's immunity to fight against harmful bacteria and viruses.

Do You Know?
Common cold or flu in children if prolonged or recur, may worsen and subsequently lead to pneumonia.

Pneumonia, caused by viruses, bacteria and fungi, kills an estimated 1.2 million children under age 5 annually.

Purely natural goodness

Nowadays, food additives such as colorants, flavorings and preservatives are so commonly used in the food manufacturing industry that it becomes hard for us to differentiate whether the products are made from natural ingredients or not.

NaturCare® Organic Lacto-Fiber™ not only provides essential amounts of fiber (4g in every daily scoop) but is also fully made with organic ingredients. The product, certified as Organic under AssureQuality, New Zealand helps restore healthy body functions, empowering you with more energy to live a fuller life.

- ✓ **An organic, whole-food fiber meal**
Provides 4g of complete fiber together with vitamins, minerals and natural enzymes; similar to normal food intake in just 1 serving!
- ✓ **All-natural and effective inner cleanse**
Complete fiber promotes a healthy digestive system, normalizes cholesterol and fat; with added Milk Thistle to protect liver.
- ✓ **Restores and rejuvenates bodily function**
Improves energy level, general well-being and restores healthy, radiant skin.
- ✓ **Strengthens the immune system**
Enriched with pre- and probiotics, fruit enzymes to strengthen our defence.
