Defy your age. Restore your glow

Packed with antioxidants, **NaturCare® Gluta HA** helps eliminate free radicals damage to reveal youthful radiance from within.

Youth is temporal. As we age, our radiance diminishes due to the exposure to free radicals, causing collagen levels to deplete – resulting in fine lines, wrinkles as well as dull and sagging skin.

What causes our skin to age?

Internal Factors	External Factors
<ul style="list-style-type: none"> • Collagen production depletes with age • Skin loses elasticity • Skin cell renewal rate slows down 	<ul style="list-style-type: none"> • Sun exposure • Cigarette smoke • Unhealthy diet • Pollution • Stress

All these factors expose our skin to free radicals that deplete the collagen in our body and causes cells to degenerate.

Antioxidants help defend the negative effects of free radicals, allowing the increase of collagen levels in our body to:

- Rebuild & tighten skin
- Improve elasticity & firmness
- Smooth away fine lines and wrinkles

L-Glutathione (GSH)

This antioxidant binds to free radicals, toxins as well as heavy metals and eliminates them from the body.

Hyaluronic Acid (HA)

Locks in moisture 1000x its own weight to provide cushioning and lubricating effect within the dermis (skin outer layer)
